

# For the *Integrity* of Your Horse's Health

## Found at Feed Stores Near You

For pregnant mares 9th month – foaling, lactating mares, and nursing foals 3 weeks to 1 year.

For young horses 10 months - 3 years of age, and pregnant mares 7th – 8th month.

For companion, inactive, or retired horses, and adult and senior horses in light work.

For adult horses over 3 years of age in working pleasure, or light to moderate work.

For light to moderate working adult horses, seniors, and active seniors.

For adult horses in moderate to heavy to very heavy work.

For yearlings and older: can be added to any Integrity formula to boost the fat content.

## PREMIUM HORSE FEED

Integrity feeds provide balanced nutrition that complements the forage portion of a horse's diet. Each product is formulated to promote intestinal health and gut integrity. All Integrity feeds, including Rice Bran, have sources of soluble fiber, yeast culture, probiotics and prebiotics.

Integrity's high quality feeds do not contain alfalfa or the starch grains corn or barley. Other than the Rice Bran supplement, each Integrity product is a balanced formula and does not require additional vitamins or minerals.

### Quality Ingredients in all Integrity Feeds

- **Beet pulp/soy hulls** – soluble fiber for intestinal health
- **Rice bran** – stabilized, highly digestible fat plant source with soluble fibers and antioxidants
- **Live yeast** – supports the population of digestive bacteria
- **Yeast culture** – promotes intestinal health
- **Mannan oligosaccharide** – natural dietary fiber for intestinal health
- **Whole ground flaxseed** – omega-3 fatty acids that promote skin and coat health
- **Selenium & vitamin E** – antioxidants important to the health of body cells
- **Calcium, phosphorus, biotin, & vitamin C** – maintenance of body tissues
