### Feeding Directions

Feed this diet to fish 1 to 3 times each day. Feed the amount fish readily consume within 15 minutes.

Fish activity, water quality, water temperature, and stocking density should be considered prior to feeding.

Store in a cool, dry, ventilated location away from rodents and insects. Do not feed if moldy, spoiled, insect/rodent infested, or if feed has an uncharacteristic odor or appearance, as it may cause illness or death.
