PRODUCT #	SIZE	FORM
70801305	5 lbs.	1/8 in. Extruded
70801325	25 lbs.	1/8 in. Extruded
70801350	50 lbs.	1/8 in. Extruded

Feeding Directions

For best results – Young growing fish, feed 2 to 3 times per day an amount the fish readily consume within 10 to 15 minutes. As a maintenance diet – Feed 1 to 2 times per day an amount fish will readily consume within 10 to 15 minutes.

To provide less aggressive fish a greater opportunity to feed and maintain a more uniform population size, distribute feed in several locations.

Fish activity, water quality, water temperature, and stocking density should be considered prior to feeding.

Store in a cool, dry, ventilated location away from rodents and insects. Do not feed if moldy, spoiled, insect/rodent infested, or if feed has an uncharacteristic odor or appearance, as it may cause illness or death.
