

Bio-Mos[®] Key Points for Aquaculture:

Bio-Mos[®] is the original natural solution to intestinal health. It promotes good bacteria and builds natural defenses, thereby maximizing animal performance.

- Supports livability; reduces mortality and morbidity
- Gastrointestinal (GI) integrity, health and stability
- Increases immune function
- Used across all aquatic species
- Optimizes balance of digestive bacteria
- Improves digestive structure
- Creates a more ideal digestive environment

Bio-Mos[®] is a trademark of:

Nutrition, health, performance ...*naturally*
