Feeding Directions

Growing pigs weighing 25 lbs.—75lbs.: Feed Pig Starter as a sole ration. Feed 1.5—3 lbs. per meal, or whatever they will eat within 20 minutes. Feed two meals per day.

Growing pigs weighing 75 lbs.—175 lbs.: Feed Pig Grower as a sole ration. Feed 1.5—3 lbs. per meal, and two meals per day.

Finishing pigs weighing 175 lbs.—225 lbs.: Feed Pig Finisher as a sole ration. Feed 3—4 lbs. per meal, and two meals per day.

Provide clean, fresh drinking water at all times. Store in a cool, dry, ventilated location away from rodents and insects. Do not feed if moldy, spoiled, insect/rodent infested, or if feed has an uncharacteristic odor or appearance, as it may cause illness or death. **WARNING!** - Do not feed to sheep. This feed contains added copper at levels that may be toxic if consumed by sheep.
