Feeding Directions

Multi-purpose pelleted diet for flocks including Laying Chickens, Broiler Chickens, Ducks, Geese, Pheasants and Turkeys 8 weeks of age and older. Added proteinated minerals to help support feather growth and eggshell quality. Provide access to grit and/or oyster shell for added calcium for laying birds. For young birds less than 8 weeks of age consider using Chick Starter Mash or Game Bird/Turkey Starter Crumbles. Provide clean, fresh drinking water at all times. Store in a cool, dry, ventilated location away from rodents and insects. Do not feed if moldy, spoiled, insect/ rodent infested or has an uncharacteristic odor or appearance as it may cause illness or death. **WARNING!** Do not feed to sheep. This feed contains added copper at levels that may be toxic if consumed by sheep.
